Tariff Simulation Comparison

Compare tariff options before selecting the best scenario

Authorized User

Customer Category: Domestic Sample Customers: 1,000 Consumption: 25 Units

Comparison Table

Scenario	Avg Bill	Revenue	Change %	Risk Level
Current	850	850,000	0%	Low
Option A	1,000	1,000,000	17.6%	Low
Option B	1,125	1,125,000	32.4%	Medium
Option C	1,300	1,300,000	52.9%	High

Recommended Option: Option B

Reason: Improves revenue without excessive customer impact.
